Allen Parish Libraries Makes Transition to Book Systems' Atrium

February 6, 2013 -- Book Systems, Inc., a leader in providing library automation solutions is pleased to announce that Allen Parish Libraries has made the transition to Book Systems' cloud-based Integrated Library System *Atrium*.

When asked what factors helped them decide on Book Systems versus other competitors, Library Director Renee Grantham responded: "Book Systems' basic interface is simple for everyone to use AND it has a kid-friendly interactive interface that I know will intrigue our young users. Our staff will enjoy the intuitive administration modules. Best of all the reasons for transitioning to Book Systems is their price point. The savings will allow us more funding for books, materials, and programs for our patrons."

"By using Atrium, we believe we will see a spike in use of the public catalog and that our staff workflow will be more efficient. We look forward to changing the themes to entice our young patrons to participate in contests," said Renee.

About Allen Parish Libraries:

Founded in 1957, Allen Parish Libraries is located in Oberlin, LA. Over the years, it has grown to include 3 branches: Oberlin, Oakdale, & Kinder. In addition, they also have a van outreach route that services the rural communities, nursing homes, and prisons. The first branch was established in Oakdale, LA.

The libraries provide a huge selection of books, magazines, newspapers, DVD's, audio collections, and research materials. Internet access for patrons is provided at each of the library branches.

About Book Systems, Inc.:

Book Systems provides state of the art library automation and asset management software to libraries and schools of all sizes. The company's core values have led them to develop and deliver stress-free "cloud computing" technology, customer-driven features, and hands down, the best support in the industry. Book Systems is a privately-owned company with its corporate headquarters located in Huntsville, Alabama.
