## Book Systems Integrates OverDrive® APIs into Atrium

Providing streamlined integration of eBook services from OverDrive

Book Systems (Huntsville, AL) is pleased to announce the integration of OverDrive® APIs into Atrium version 9.0. This integrated search portal for OverDrive allows patrons to easily search and find all of the digital content your library or consortium has purchased from OverDrive.

A single search from Atrium's OPAC interface will search the library's regular collection and OverDrive simultaneously. Results are displayed in separate tabs, so your patrons can quickly identify items contained in the regular collection and the results returned from OverDrive.

Search results displayed show real-time status and availability, number of copies, cover-art/dust jacket images, summaries, author notes, and reviews/ratings posted on OverDrive.

The integrated search portal for OverDrive is included with Atrium at no cost. However, libraries must already be a current subscriber to OverDrive.

Further information is available at [www.booksys.com/library-solutions/overdrive](http://www.booksys.com/library-solutions/overdrive)

### **About Book Systems, Inc.:**

Book Systems provides state of the art library automation and asset management software to libraries and schools of all sizes. The company's core values have led them to develop and deliver stress-free "cloud computing" technology, customer-driven features, and hands down, the best support in the industry. Incorporated in 1989, Book Systems is a privately-owned company with its corporate headquarters located in Huntsville, AL.

### **About OverDrive:**

OverDrive is a leading full-service digital distributor of eBooks, audiobooks, music, and video. We deliver secure management, DRM protection, and download fulfillment services for hundreds of publishers and thousands of libraries, schools, and retailers serving millions of end users. OverDrive has been named to the EContent 100 as a company that matters most in the digital content industry. Founded in 1986, OverDrive is based in Cleveland, OH.
